Objective

Motivated Software Engineer with 1.8 years of experience in software development, project management, and Agile practices. Proficient in multiple programming languages, front-end and back-end technologies, and cloud platforms. Seeking to leverage technical expertise and problem-solving abilities to contribute to innovative software solutions in a growth-oriented environment.

Professional Experience

Assistant Systems Engineer

Tata Consultancy Services (TCS), Hyderabad | April 2021 – January 2023

- **Backend Development & API Integration**: Led backend development initiatives, designing and implementing RESTful APIs to ensure seamless communication between client-side and server-side applications.

- **Agile Project Management**: Championed the adoption of Agile methodologies, significantly improving project timelines and team collaboration. Regularly utilized Jira for tracking and managing tasks.

- **Cross-functional Collaboration**: Collaborated with cross-functional teams, providing mentorship and technical guidance to junior developers, contributing to overall project success and smooth knowledge transfer.

- **Recognition**: Received commendations for proactive problem-solving and consistent contributions to project outcomes.

Education

Bachelor of Technology in Computer Science

TKR College of Engineering and Technology, Hyderabad | 2016 - 2020

Technical Skills

- **Programming Languages**: Java, JavaScript (Node.js, React.js, jQuery, React Native), C, Python
- **Front-End Technologies**: HTML5, CSS3, React.js, Redux, Bootstrap
- **Back-End Technologies**: Node.js, Express.js, MySQL, MongoDB
- **Version Control**: Git, GitHub
- **Project Management Tools**: Jira, Agile methodologies
- **Cloud Platforms**: AWS
- **APIs & Services**: RESTful API development and integration
- **Databases**: MySQL (Relational), MongoDB (Non-relational)
- **Soft Skills**: Leadership, Mentorship, Technical Communication, Problem Solving, Adaptability

Projects

1. **Portfolio Website (MERN Stack)**
   - **Technologies**: MongoDB, Express.js, React.js, Node.js, HTML5, CSS3
   - **Highlights**: Developed a responsive and modular portfolio website with a clean UI, showcasing dynamic content and seamless user interactions. Utilized MongoDB for efficient data storage and retrieval.
2. **E-commerce Website (MERN Stack)**
   - **Technologies**: MongoDB, Express.js, React.js, Node.js, JWT, Git
   - **Highlights**: Designed and developed a full-fledged e-commerce platform featuring user authentication, product management, and secure payment integration. Leveraged JWT for secure authentication and Git for version control.

Professional Development

- **Technical Communication**: Consistently worked on enhancing communication skills to effectively articulate complex technical concepts to both technical and non-technical stakeholders.
- **Problem Solving**: Focused on developing robust solutions to challenging problems, with a keen eye on optimizing performance and efficiency.
- **Continuous Learning**: Committed to staying updated with the latest industry trends and technologies, regularly engaging in self-directed learning and professional courses.
